

ENGINEERING COURSE INFORMATION SESSION 2024

TUE, 28 MAY

5:30 PM – 7:30 PM

BUNDABERG, CAIRNS,
GLADSTONE, MACKAY,
ROCKHAMPTON

Join us at the Engineering Course Information Session for 2024 to discover the exciting world of engineering and the opportunities at CQUniversity

Engineering is an exciting profession that can see you making a difference through designing and developing exciting new solutions to deliver sustainable outcomes for the planet, people, and businesses. With demand for Engineers rapidly growing and our graduates named #1 in Queensland for employer satisfaction and technical skills*, there has never been a better time to study Engineering at CQUniversity.

Learn more about:

- CQUniversity's suite of engineering courses, offering a range of specialisations and diverse career pathways.
- Our strong relationships with industry, including cadetships and valuable placement opportunities such as a 48-week paid placement as part of our ([Bachelor of Engineering and Diploma of Professional Practice \(Co-op Engineering\)](#)).
- The significant advantage for students who have studied Mathematical Methods and Fundamentals of Sustainable Energy (SUN unit).
- Various pathways to university for school leavers and mature-entry students.
- Insights from current engineering students about their study experiences and career aspirations.
- Perspectives from our Industry Guest Speakers on employer expectations and collaborations with CQUniversity.
- Tour of our engineering facilities.

Register your interest to attend the Engineering Course Information Session today!

If you have any questions about the event, feel free to reach out to us at coea@cqu.edu.au.

Warm regards,
