

Year 8 Spanish

Achievement

Under the Australian Curriculum, all subjects are broken into two year 'bands'. The standards below are for Years 7 and 8.

By the end of Year 8, students share information about their personal worlds, including personal details, family, friends, leisure activities, likes and dislikes. They interact with one another in shared activities, negotiations, games and events, using modelled language to ask and respond to familiar questions, give and respond to and express opinions. When interacting, students approximate Spanish sounds and use intonation to distinguish between statements, exclamations and requests. They obtain factual information and identify key points from different sources, using non-verbal and contextual clues to help make meaning. They describe characters, experiences and ideas using high-frequency vocabulary, and create short informative and imaginative texts using modelled sentence structures and formulaic expressions. When constructing sentences, students apply gender and number agreement to definite and indefinite articles, nouns and adjectives). Students apply grammatical rules in relation to conjugation of and use the two verbs for 'to be' in modelled examples. They apply Spanish writing conventions such as inverted question and exclamation. They work in Spanish and English to translate texts, and create simple bilingual texts. They describe their own experiences of using Spanish and explain how aspects of their identity influence their intercultural exchanges.

Students identify and apply rules for pronunciation and grammar and use metalanguage in Spanish to explain basic features of language, texts and grammar, making connections with terms such as 'verb', 'adjective', 'noun' and 'agreement' that are used in English learning, and incorporating concepts such as grammatical gender. They identify the need to adjust language to suit different situations and relationships. Students describe the distribution of communities of Spanish speakers in different countries and regions and know that Spanish is spoken in a variety of forms in different communities. They identify how languages and cultures change through contact, and give examples of Spanish words used in English and words used in Spanish that are borrowed from other languages. They identify cultural aspects of language use that are reflected in everyday interactions such as emailing, text messaging, gift-giving and apologising.

Assessment Criteria

An overall level of achievement in this subject is determined by the teacher's on-balance judgment of the evidence presented in students' summative assessment across the following:

- **Communicating in target language** in a variety of contexts
- **Understanding** the culture of the target language and the systems, variations and roles of languages, in contexts

Delivery (mode, time requirements, lessons)

Students can access two scheduled lessons each week to complete tasks and assessment in accordance with the Work Rate Calendar. Lessons are delivered via our online learning platforms. Students are encouraged to undertake independent study through the CSDE online learning platforms.

Student Requirements

Computer, access to internet, email, printer, scanner, telephone or headset with microphone, notebook, stationery.

Year 8 Spanish
