

# Ancient History

## General senior subject

General

### Recommendation

A Sound Achievement (C) in a Year 10 Humanities subject and/or English.

### Rationale

Ancient History provides opportunities for students to study people, societies and civilisations of the past, from the development of the earliest human communities to the end of the Middle Ages. Students explore the interaction of societies, and the impact of individuals and groups on ancient events and ways of life, and study the development of some features of modern society, such as social organisation, systems of law, governance and religion.

Students analyse and interpret archaeological and written evidence. They develop increasingly sophisticated skills and understandings of historical issues and problems by interrogating the surviving evidence of ancient sites, societies, individuals and significant historical periods. They investigate the problematic nature of evidence, pose increasingly complex questions about the past and formulate reasoned responses.

Students gain multi-disciplinary skills in analysing textual and visual sources, constructing arguments, challenging assumptions, and thinking both creatively and critically.

### Pathways

A course of study in Ancient History can establish a basis for further education and employment in the fields of archaeology, history, education, psychology, sociology, law, business, economics, politics, journalism, the media, health and social sciences, writing, academia and research.

### Objectives

By the conclusion of the course of study, students will:

- comprehend terms, issues and concepts
- devise historical questions and conduct research
- analyse historical sources and evidence
- synthesise information from historical sources and evidence
- evaluate historical interpretations
- create responses that communicate meaning.

### Delivery (mode, time requirements, lessons)

Students have access to live sessions that are recorded and attendance is highly recommended for clarification, assistance and discussion. Students are expected to complete all tasks and assessments in accordance with the Work Rate Calendar. All course materials can be accessed via our designated Learning Management System (Qlearn).

### Student requirements

Computer, access to email and internet, telephone and USB headset with microphone, exercise book, stationery.
