

## 2026 Student Resource Scheme – Year 11

### Annual Parent Information Letter

#### Dear Parent/Carer,

This letter provides important information about the Student Resource Scheme (SRS). Participation in the SRS is optional however, we encourage all parents/carers to consider it as it offers a convenient, cost-effective way to access the resources your child needs for their education.

#### What is provided by the Queensland Government?

The Queensland Government funds schools for instruction (e.g. teachers), facilities (e.g. buildings and amenities), and administration. Funding does not extend to individual student resources like textbooks, equipment for personal use, and materials consumed during classes. Providing these items is the responsibility of parents/carers.

To help ease financial burden, Cairns School of Distance Education offers the Student Resource Scheme. This enables parents/carers to access the required resources at lower costs through bulk purchasing and hire agreements. By participating in the SRS, parents/carers save time and money sourcing textbooks, equipment and other materials, while ensuring that their students have access to the same high-quality resources.

#### Resource Types Provided:

Generally, the three types of resources that could be included are:

- **Owned** – these items are retained by the student and used as required (e.g., stationery, exercise books, student diary).
- **Used** – these items are used/consumed in class by the student (e.g., industry technology/art supplies). Work/items produced from these resources will remain the property of the student.
- **Hired** – these items are hired to the student for their personal use for a specific period (e.g., digital or physical textbooks, musical instruments).

#### Return of Hired Resources:

Any hired items must be returned in good condition at the end of the hire period. If items are damaged or not returned, a repair or replacement fee will be charged.

#### SRS Fee and Cost Breakdown:

**Cost of the Student Resource Scheme  
(SRS)**

**\$90 + subject fees invoiced separately**

TRA has been applied to reduce the SRS cost to the parents

**For a detailed list of the resources included in the Student Resource Scheme, please refer to Appendix 1.**

The scheme's operation, resource inclusions and participation fees were approved by the school's P&C Association at the meeting held on 8<sup>th</sup> October 2025.

## SRS Participation

Participation in the SRS is optional, and no obligation is placed on a parent/carer to participate. Students whose parents/carers have elected to join the SRS are provided with textbooks and other resources throughout the year. Participation is for the duration of your child's enrolment at the school. A parent/carer can opt in or out of the scheme at any time during the student enrolment by completing and submitting another [Participation Agreement Form](#).

## The Textbook and Resource Allowance

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students. For those students who are eligible to receive the TRA, the TRA has been applied to reduce the cost of participation in the SRS. Information on the TRA can be found on the [department's website](#).

| Year Level | Amount                                  |
|------------|-----------------------------------------|
| Year 11-12 | \$357 per student per annum (2026 Rate) |

## Opting out of Student Resource Scheme – Buy Your Own

If you choose to opt out of the SRS, the parent/carer is required to provide the educational resources listed in Appendix 2. Please be advised there are required resources that can only be provided by the school (such as educational software licences) which will be invoiced to you by the school as per Appendix 2. If a parent has opted out of the scheme, the parent/carer is required to provide the educational resources listed in the SRS for their child by the start of the school year or enrolment.

## Payment Options & Financial Hardship:

**Invoices to be settled as a lump sum or instalments by the due date.**

We offer multiple payment options to suit different family needs. To view and make payments please log in to your [QParents App](#). For more information on other payment options, please refer to [our website](#).

If wish to discuss a payment plan and/or you are experiencing financial difficulty, we understand and encourage you to contact the school for available options in confidence.

#### Appendix 4: Items included in Year 11 Chemistry Kit

| Year 11 Chemistry Kit                                                                                                                                       |                                                                                       |          |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|----------|
| Items                                                                                                                                                       | Image                                                                                 | Quantity |
| Buffer solution pH 7 - 40ml                                                                                                                                 |    | 1        |
| Buffer solution pH 10 - 40ml                                                                                                                                |    | 1        |
| Buffer solution pH 4 - 40ml<br>Note: Calibration prior to performing a pH measurement should be carried out at two pH values either side of the expected pH |    | 1        |
| Calcium Carbonate, Powdered 200g                                                                                                                            |    | 1        |
| Calcium Carbonate marble chips 200g (Small size chips)                                                                                                      |    | 1        |
| Calcium Carbonate marble chips, 200g (large size chips)                                                                                                     |   | 1        |
| Filter paper, round                                                                                                                                         |  | 12       |
| Molymod Kit                                                                                                                                                 |  | 1        |
| Petri Dishes (disposable)                                                                                                                                   |  | 6        |
| Pipette, plastic, disposable                                                                                                                                |  | 6        |
| Potassium chloride - 50ml 4M<br><b>Note: pH probe storage solution to prevent drying out and cracking of the glass electrode</b>                            |  |          |
| Beaker, glass, 250ml                                                                                                                                        |  | 3        |
| Filter funnel, small                                                                                                                                        |  | 1        |
| Measuring cylinder 10ml, glass                                                                                                                              |  | 1        |

|                                                                                                                                                                                                                                                                                                                                   |                                                                                       |   |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|---|
| Measuring cylinder 50ml, glass                                                                                                                                                                                                                                                                                                    |    | 1 |
| Measuring cylinder 100ml, glass                                                                                                                                                                                                                                                                                                   |    | 1 |
| Pipette bulb filler, rubber.                                                                                                                                                                                                                                                                                                      |    | 1 |
| Pipette bulb, glass, 25ml                                                                                                                                                                                                                                                                                                         |    | 1 |
| Retort stand<br>(4 pieces: base, bolt, washer & stand)                                                                                                                                                                                                                                                                            |    | 1 |
| Spatula, metal                                                                                                                                                                                                                                                                                                                    |    | 1 |
| Stirring rod                                                                                                                                                                                                                                                                                                                      |    | 1 |
| Wash bottle, plastic.                                                                                                                                                                                                                                                                                                             |   | 1 |
| Digital Bench Scale                                                                                                                                                                                                                                                                                                               |  | 1 |
| pH Sensor – Wireless *<br>Important Note:<br>Always keep the pH electrode moist. Store the electrode in a solution of 4 M KCl. If 4 M KCl is not available, use a pH 4 or 7 buffer solution. DO NOT store electrode in distilled or deionized water—this will cause ions to leach out of the glass bulb and render the electrode. |  | 1 |
| Drop Counter –Pasco, Wireless,<br>(6 items) *                                                                                                                                                                                                                                                                                     |  | 1 |
