## School Overview

Cairns School of Distance Education is identified by its diverse community, flexible curriculum and focus on innovative technology. We provide multiple pathways for students to become independent, resilient learners and productive members of the community.

High quality teaching and learning are our priorities. Distance education offers unique opportunities to foster active engagement and independent learning. Students develop both fundamental and complex skills, building their capacity to become life-long learners.

Twenty-first century learners require skilful and confident use of digital technologies. Cairns School of Distance Education is unique in its intrinsic use of technology for communication and delivery of the curriculum. Home tutors and teachers encourage and support students' use of technology in engaging with courses, learning experiences and authentic assessment tasks.

Quality relationships connect our school community and have a positive impact on student outcomes. Our connectedness fosters positive and productive relationships, producing the best possible outcomes for students.

Students of Cairns School of Distance Education come from an environment which encourages them to be resilient and adaptable individuals. Our students know that quality relationships are based on mutual respect and tolerance. They become independent learners who are part of a supportive school community and they are prepared for the challenges afforded by the wider world.

## Principal's Foreword

### Introduction

The following report outlines the key strategies that our school has undertaken during 2016. Also included is a detailed view of our school's profile, subject offerings and our environmental impact. The most important asset, our people are outlined in terms of staff demographics and student achievement. The article also highlights the significant achievements that our school has attained over the course of 2016. In summary our school aims to have:

- High quality teaching and learning – delivering excellent lessons
- Knowledgeable and high performing teams – developing everyone's performance through coaching and mentoring
- Quality learning relationships – students, home tutors and staff working together to improve student learning
- Learning spaces for the 21<sup>st</sup> Century – ensuring we have the right environment for effective teaching and learning.

I trust that this report provides you with the details that you require. Should you have any queries relating to this report or our school please contact me via email.

Kind regards

<b>2015*</b>	427	253	174	28	81%
<b>2016</b>	658	402	256	86	81%

Student counts are based on the Census (August) enrolment collection.

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2016, there were no students enrolled in a pre-Prep\*\* program.

\*\* pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

## Characteristics of the Student Body

Cairns School of Distance Education is a co-educational school offering high level teaching and learning to students from Prep to Year twelve.

Our students are from a wide range of situations from across Queensland, Australia and the world. Two types of student enrolment exist:

- Home-based
  - Limited choice: e.g. geographically isolated, medical, itinerant, family responsibilities, or exclusions.
  - By choice.
- School-based. Including state schools and non-state schools

### Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2014	2015*	2016
Prep – Year 3	5		
Year 4 – Year 7	9		
Year 8 – Year 10	9		
Year 11 – Year 12	9		

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

## Curriculum Delivery

### Our Approach to Curriculum Delivery

Cairns SE affords students the opportunity to access a variety of courses wherever they are located throughout the world. These courses are based on the Australian Curriculum for preparatory to year ten, and year eleven and twelve subjects are

approved by the Queensland Curriculum and Assessment Authority. We deliver our services via a combination of media including:

- On-line via Blackboard Collaborate.
- Access of recorded lessons via Blackboard Collaborate.
- Digital versions of curriculum via a USB or CD/DVD.
- Printed versions of our materials upon request for selected year levels.
- Face-to-face interactions via our Field Program.

### Co-curricular Activities

- Field Programs:
  - Instrumental Music: students are involved in the school orchestra (on-line and face-to-face).
  - Study days – familiarise students and families with curriculum programs and requirements.
  - Home Visits – consolidate teacher, home tutor and student relationships through face-to-face observations and assessment.
  - Annual School camp – develop relationships and group skills through a variety of environmental, outdoor, cultural and sporting activities (often with the inclusion of experts).
  - Mini-school – consolidates the learning programs that students are undertaking in a face-to-face context.
  - Celebration Week: swimming program; presentation evening; art show.
  - Languages and Cultural Activity days.
  - Technology programs including: robotics, coding, 3D design and make-a-space.
- Rural and Remote Education Access Program funded curricula and professional development workshops.
- Duke of Edinburgh Award.
- Cairns to Karumba bike ride: students involved in fundraising for rural and remote children.
- Eco-schools.
- My Little Free Library.

### How Information and Communication Technologies are used to Assist Learning

- Effective digital pedagogy is at the forefront of our e-Learning strategy and is designed to transform learning opportunities for our students. The approach promotes a blended model of learning featuring a balance between virtual and, where possible, face-to-face delivery. Our digital pedagogy is designed to facilitate quality learning experiences for 21<sup>st</sup> century learners.
- E-Learn training is provided to students, staff or home tutors to assist them with web conferencing and the delivery of relevant lessons to students. It is provided in accordance with the requirements outlined in the Australian Curriculum.
- Training is given to home tutors in a range of ICT programs to assist them with their teaching and tutoring e.g. Microsoft applications (MSITA), social media, cyber safety and search engine use.
- Explicit teaching is delivered by the use of BlackBoard courses as well as the BlackBoard Collaborate webinar platform.
- Use of Video-Linq system to deliver subjects/courses into schools.
- Teachers continually update their skills to ensure proficiency.
- Email return of work and feedback to ensure that our students receive this as quickly as possible.
- Communication with home tutors and students through ICT and various social media applications.

## Social Climate

### Overview

Our students are educated in a familiar environment where the relationship between the student, the home tutor and the teacher is based on mutual respect and trust. This relationship is an underpinning principle of effective teaching and learning. Our students believe that they get a great education in a safe and supportive learning environment.

There is a growing awareness of and participation in on-line learning communities. Students are increasingly using technology as a way to reduce social and geographical isolation. To facilitate the building of social relationships with other chronologically appropriate peers, we provide a number of school-based camps, mini schools and other shared activities. Specifically we expect that our students will meet with and make friends with their peers, regardless of their learning environment.

Our school is a part of the eSmart program which aims to deliver skills to students that equip them with the values and behaviours that are appropriate for on-line communication.

\* Nationally agreed student and parent/caregiver items

# 'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

## Parent and community engagement

Parents are actively involved in our school at many levels. Formal participation is evident at monthly P&C Meetings as well as at our Cairns SDE Biannual Forum. At this forum the strategic direction of the school is discussed and decided upon for the Quadrennial School Review, as well as the Annual Implementation Plan.

Parents are also vital to the everyday management of the 'homeroom'. This includes setting up a learning space that is suitable for on-line and telephone instruction. Home tutors and parents are all responsible for ensuring that open and regular communication occurs with our teachers and support staff. The monitoring of work rate calendars to confirm students have completed their required work is also a vital aspect of the home tutor role.

Home tutors and parents also have the opportunity to access development programs that improve their tutoring skills and family well-being. This is typically done in association with field activities that occur each term. On-line support is also available on home tutor websites for all Queensland Schools of Distance Education.

## Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships. This is achieved through the development of our Positive Behaviour for Schools program with particular reference to our Student GROWTH program. The GROWTH program focusses on moving students from fixed mindsets to growth mindsets and is heavily based on Carol Dweck's work.

## School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	0	0	0
Long Suspensions – 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	8	14

\* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

\*\*From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

## Environmental Footprint

## Reducing the school's environmental footprint

At Cairns School of Distance Education we have endeavoured to reduce our environmental footprint through a number of key initiatives: REDUCE-REUSE-RECYCLE. These include:

- Installation of LED lights and power usage monitoring
- Switching off unnecessary devices
- Recycling items such as cardboard, paper and batteries
- There is a permaculture section on campus which is a community-driven project.

We are signed up to *Eco-Schools* and *the Little Free Library* projects. These programs aim to develop sustainable practices across our broader school community. The *Little Free Library* has stations across Cairns and rural areas of Far North Queensland.

The development of curriculum materials in print form is via a "by request" process to reduce the amount of printed materials.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	178,387	3,453
2014-2015	176,842	2,741
2015-2016	176,340	3,180

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

## Student Destinations

### **Post-school destination information**

The results of the 2016 post-school destinations survey, Next Step – Student Destination Report (2016 Year 12 cohort), will be uploaded to the school's website in September.

The report will be available at:

<http://www.cairnssde.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx>

### **Early leavers information**

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below.

Our school individually case-manages each student in the senior school. Contact teachers are appointed to ensure that students' work returns are kept up to date. Where there are cases of concern, these are referred to our *Student Support Services Team*. This referral may result in further intervention strategies being implemented by specialist teachers or external support agencies.
