How can I clear passwords from my browser?

1. IT Services

The process for removing saved passwords depends on the web browser you are using:

- Firefox on Windows: Click the three lines menu > 'Options' > 'Privacy & Security' > 'Logins and Passwords' > 'Saved Logins...'
- Firefox on Apple: Go to the 'Firefox' menu > 'Preferences' > 'Privacy & Security' > 'Logins and Passwords' > 'Saved Logins...'
- Google Chrome on Windows: Hold down Control + Shift + Delete
- Google Chrome on Apple: Hold down Command + Shift + Delete
- Internet Explorer: Go to 'Tools' > 'Internet Options' >' Content' > 'Autocomplete' > 'Settings' > 'Delete autocomplete history'
- Microsoft Edge: Click the ellipsis ··· > 'Settings' > 'Profiles' > 'Passwords'
- Safari: Go to the 'Safari' menu > 'Preferences' > 'Passwords'. For Macs you can also use Keychain to clear passwords.
